Same number of hours spent but the cost was more. Joy Goforth (NC) and Georgia Brock (STS Foundation) will contact the auditors for more clarification. ▪ ACTION ITEM: Discuss and plan process for 2023 audit expenses. ○ 2022 STS Budget <ul style="list-style-type: none"> ▪ At the February meeting STS Foundation was quoted \$7.5 million; the extra \$500,000 didn't come. The budget has been reduced to \$7.0 million. ▪ There has been an extra \$110,000 that was part of the extra funding that went to the mating disruption plot work. It was then absorbed out of the contingency fund – which leaves currently \$108,574 in the fund. ▪ Planning within the STS Foundation stayed based on \$7.0 million so not a lot of cuts had to be made.
<p>5. Partial awards</p>	<ul style="list-style-type: none"> • Partial Awards – Georgia Brock <ul style="list-style-type: none"> ○ If any of the states believe they need funding before MOD 8 is approved, please submit application based on MOD 7 numbers to G. <p>6. STS Update: Calibration Fly-in – Chris; Database – Mannin; Gypcheck, etc. - Tom</p>	<ul style="list-style-type: none"> • STS Update: <ul style="list-style-type: none"> ○ Calibration Fly-in – Chris Foelker (WI) <ul style="list-style-type: none"> ▪ March 30, 2022 was the fly-in. Weather was not cooperative for some of the characterization related to the evaluation of droplet distribution. Boom calibration had some setbacks due to equipment needing repaired and troubleshooting. But even with delays, it all got completed for those using this service. ▪ Mike Schiffer (AI's Aerial) isn't anticipating being cleared for flying for 2022 but plans to be on site to do other necessary parts of the STS treatment operation. He is still recovering very well medically. ▪ Characterization for new operators – how do they do followup, if any? Response: The calibration is the more crucial aspect. If set up right at calibration, the characterization will be OK. ○ Database – Mannin Dodd (VT) <ul style="list-style-type: none"> ▪ Trapping has started; about 2000 traps set so far. Southern states are starting. Applications are being updated as we speak. Trapper training webinar is completed and should be on the web soon. There have been requests of symbology changes from states. ▪ No news from field yet from field. ○ Gypcheck - Tom Coleman (FS) <ul style="list-style-type: none"> ▪ A lot is on hold now because of the funding changes. John Kyhl has visited with the storage facility and work is needed. All Environmental Assessments are signed off and moving forward. ○ Mating Disruption Applications – Tom Coleman (FS) <ul style="list-style-type: none"> ▪ Reviewed and will be sent out. ○ Racemic dispartlure - Tom Coleman (FS) <ul style="list-style-type: none"> ▪ Order into US and will be moved to storage.

John Kyhl is now tasked with doing this and getting the updates out since the person that was doing this has taken a new position. Data can be adjusted as needed as more real numbers begin to appear. Getting the finalized tracking information ultimately moved to the Digest is still in progress. • ALDR Update - Kimberly Thielen Cremers (MN) <ul style="list-style-type: none"> ○ Looking at a date change because it happened to be set on during the Veteran's Day holiday. But tentatively set for the week of October 31st once confirmed with the hotel. ○ Not solidified the name change for the meeting yet but will start the transition. • Audit Committee Report – Phil Marshall (IN)

	<ul style="list-style-type: none"> ○ February review of bank statements for STS Foundation was in order. ● Letterhead change – Kimberly Thielen Cremers (MN) <ul style="list-style-type: none"> ○ Because of the name of gypsy moth in it, it needs to be considered updated. The logo is on websites and public facing and needs updated. ● APHIS Update – Kathryn Bronsky (APHIS) <ul style="list-style-type: none"> ○ Waiting on budget tables to be allocated within the program.
